

Connecting financial institutions to new markets, revenues and growth

The financial services industry is facing unprecedented challenges

For over 70 years, Telstra has helped global financial institutions to meet key challenges by connecting to new markets, revenues, and growth.

1 Connectivity and performance tailored to your needs

Low-latency Ethernet Private Line connectivity		The Telstra Octagon	
<p>400,000km+ leading subsea infrastructure</p>	<p>Delivering up to a third of all IP traffic in Asia</p>	<p>Direct market access to eight leading global exchanges via low-latency connectivity.</p>	
<p>100% ownership of EAC-C2C cable connecting Japan, Korea, Mainland China, Taiwan, Hong Kong, the Philippines, and Singapore.</p>		<p>Exchange and data centre colocation, interconnection, and hosting.</p>	<p>Consult, monitor and manage your service, end to end.</p>

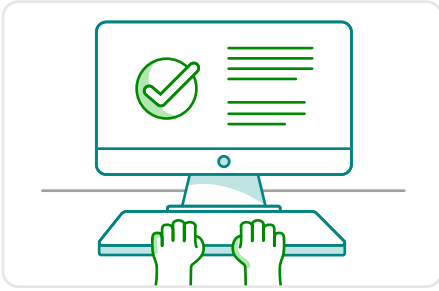

Telstra's integrated financial ecosystem

Our partnership with Equinix offers global connectivity, colocation at data centres, and interconnection across an ecosystem of more than 1,250 financial services companies on the Equinix platform.

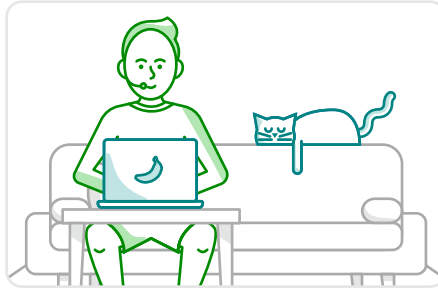

2
